*"Growing a Community For Art And Artists"*

PO Box 1537, McCall, ID 83638

## About the McCall Artist Connection

The McCall Artist Connection (MAC) was formed in 2006 to create a forum for local artists (see map on back) of all mediums and levels of expertise, to connect, and further their artistic and business potentials. Beginning with less than 20 members, the group has more than doubled in size over the past 5 years.

It is widely recognized that as individuals and artists, we all grow through communicating, inspiring each other and celebrating our successes. Creating a means to market our art is also an essential aspect for artists to share what we do. MAC has created its own website, [www.mccallartistconnection.org](http://www.mccallartistconnection.org), where members are encouraged to display a sample of their work with their contact information. Here you will find information on upcoming MAC events, as well as links to art related community information. MAC presents two member art shows each year, offering artists excellent visibility to the local community as well as touring visitors. MAC members are also encouraged to exhibit wherever and whenever opportunities arise by sharing information about local events and venues.

In addition to information exchange and creative support through monthly meetings and one on one communication, MAC sponsors educational art classes and meeting programs designed to share member skills and related information.

Through all of this, we believe that we help support McCall and its surrounding communities by promoting the vitality and excellence of local artists as they, in turn, contribute to the cultural progress of the area.
